

# The Flounder Cup Competition 2019-2020

All of the Flounder Cup contests of the season have now been completed. The 2020-21 season begins in September with the CQ WW RTTY.

## IARU

The IARU contest was July 11 and 12. Turnout for both clubs was excellent largely due to use of on-line near real time scoring. Four IDXA members compiled a score of 488,948 compared to the seven SDXA member's score of 352,114. Bragging Rights for the IARU belong to Randy, K7TQ, with 369,840 points from 1002 QSOs.

### Top Three Scores IARU

K7TQ	369,840	IDXA
K7GS	98,790	SDXA
N7UVH	69,000	SDXA

Both clubs used Contest Online ScoreBoard (<https://contestonlinescore.com/>) to stimulate interest in the IARU. Participants were able to keep an eye on each other in the Teams section where Mel, N7GCO, set up "The Flounders Last Gasp." Comments from all who participated were quite positive and we will likely use the site for next season's Flounder Cup competition.

### Final Results of the 2020 Flounder Cup

SDXA won the Total Point Division again this season, 4.00 million to 2.30 million for IDXA. In this Division SDXA won nine of the ten contests. Lots of participants helps.

In the Per Participant Division IDXA again won with 461,200 points per participant compared to 250,200 points per participant for SDXA. Six times IDXA bested SDXA in this Division where the score is divided by the number who contributed to that score.

### Final Top Five Cumulative Single Op Scores

K7TQ	1,210,083	5 contests
K7GS	1,033,821	10 contests
N7UVH	591,366	8 contests
AD7XG*	550,916	7 contests
N7ZUF	511,362	10 contests

\*AD7XG and K7KB multi-oped in CQWWDX CW so this total does not include that contest

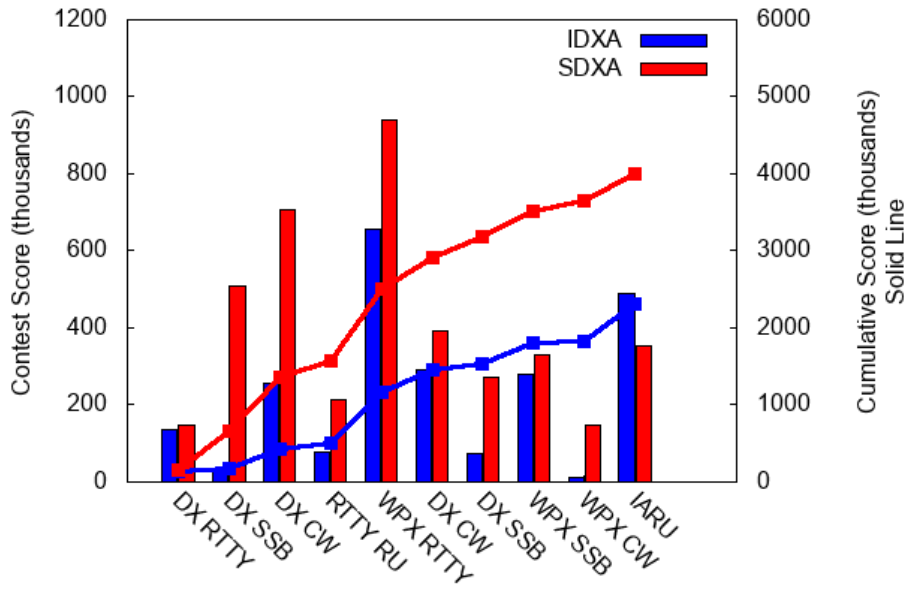

### Who Participates Most Often?

Special recognition needs to be made for those who operated as many of the Flounder Cup contests as they could which I'll call the "Always There" award. [I had previously called it the "Iron Butt" award, but that is better reserved for putting the most hours in the contests. Maybe next year.] The criteria is seven or more of the ten contests. Jay of IDXA and GS-Gary of SDXA both worked all of the Flounder Cup contests!
